<u>Contains</u>	<u>Function</u>	<u>Remarks:</u>																		
Sulfamic Acid	Descaler	Water solution present Hyper-Acid, pH1.1 CSA No. 5329-14-6																		
Poly Ethylene Glycol	Covering Descaler	After installation, to be soluble by water CAS No. 25322-68-3																		
Housing	Slow release/Descaler	Made of ABS plastic																		
Fragrance Infused Plasticized Gel	Deodorizer	Made of plastic																		
Clip	Hold unit to urinal	Made of stainless steel																		
<p>(3) Hazard Identification</p> <p>Principal hazards Under normal use, none Specific risks None Labeling None</p>																				
<p>(4) First Aid Measurement</p> <p>Ingestion Rinse mouth with water. Drink plenty of water. If discomfort continues, consult doctor.</p> <p>Skin contact Wash with running water and soap.</p> <p>Eye contact Rinse eyes immediately with running water for 15 minutes. If irritation continues, consult doctor.</p>																				
<p>(5) Fire Fighting Method</p> <p>Extinguishing media Ordinary fire extinguisher</p>																				
<p>(6) Accidental Release Measures</p> <p>Individual Precautions : No special protection required. Wash with water.</p> <p>Environmental protection : Collect and dispose as chemical waste.</p> <p>Cleaning method : Rinse with a large quantity of clear water.</p>
